Promoting Educational Excellence in Behavioral Health Care

Suicide Prevention: Assessment and Safety Planning

Wednesday, September 5, 2018

Suicide continues to be a perplexing and frightening health crisis in our region, our country and our world. The statistics inform how we as providers need to continuously assess for and treat suicidal thoughts and actions. This presentation will provide relevant statistics to help providers consider who amongst their clients are at elevated risk, assessment skills for suicidality, and safety planning suggestions.

Satisfies CE requirement for Act 74 of 2016

Jessica Racine, MS, LPC, NCC— is the Clinical Training Manager for KidsPeace. She has worked in the mental health field for 21 years in a variety of settings including inpatient, school-based partial and outpatient settings and has been with KidsPeace for the last 10 years. In the KidsPeace Hospital, she held a number of administrative positions as well as provided individual, family and group therapy to children, adolescents and their families. She is a Senior Trainer for Life Space Crisis Intervention, and a certified trainer for Ukeru Systems, QPR, and Pediatric CPR/First Aid. She is a leader for the KidsPeace Critical Incident Response Team.
